

Satyendra MONDAL

PhD graduate

 satyendramondal36@gmail.com

 Prague, Czech Republic

- PhD in Cell and Molecular Biology from Charles University.
 - PhD research focused on the molecular mechanism of conditional sequestration of the conserved RNA exonuclease Xrn1 to the plasma membrane-associated protein scaffold, eisosome, in regulation of mRNA metabolism.
- Skilled in a wide range of wet lab techniques, live-cell imaging, and fluorescence microscopy.
- Developed strong organisational, teamwork, and interpersonal skills during PhD, with the ability to work both independently and collaboratively.
- Passionate about exploring and learning fundamental cellular processes within a collaborative research environment.

EDUCATION

PhD in Cell and Molecular Biology | (2020–2026)

Charles University | Faculty of Science | Prague, CZ
Supervisor: Prof. Jan Malínský, PhD

MSc in Biotechnology | (2014–2016)

Calcutta University | Kolkata, India

BSc in Chemistry | (2011–2014)

Calcutta University | Kolkata, India

WORK EXPERIENCE

Doctoral researcher | (Jun 2020–current)

Institute of Experimental Medicine, CAS | Prague, CZ
Key responsibility: Regulatory mechanisms underlying plasma membrane binding of conserved Xrn1

Project assistant II | (Oct 2019–May 2020)

Mendel University in Brno | Brno, CZ
Key responsibility: reduced graphene oxide synthesis

Medical lab assistant | (Feb 2019–Sep 2019)

IPGME&R and SSKM Hospital | Kolkata, India
Key responsibility: development of PCR assays for thalassaemia diagnosis

Junior Research Fellow | (Jun 2017–Dec 2018)

NIT Arunachal Pradesh | Naharlagun, India
Key responsibility: Assessment of microbial and chemical risks in drinking water

SKILLS

Laboratory skills: Cell Culture | DNA/RNA/Protein Analysis | PCR, qPCR | Cloning | Western Blot | Phosphoblot | NGS | Confocal Microscopy | Live-cell Imaging

R&D skills: Experimental Design | Quality Control | Data Analysis & Interpretation | SOP Compliance | Scientific Documentation | Project Coordination

Microscopy: Zeiss LSM 880 | Olympus SpinSR10 | Olympus FV1200 | Andor BC43

Data analysis software: ImageJ/Fiji; Cellpose | SnapGene | SigmaPlot; GraphPad | Azure c400 | Inkscape

Science communication: Writing | Presentation | Publication | Collaboration | Popularisation

Organisational skills: Coordinated and co-organised IEM PhD Conference 2026 and IEM PhD Conference 2024

Languages: English (B2–C1) | Czech (A2–B1) | Bengali (native)

PUBLICATIONS

Conserved mechanism of Xrn1 regulation by glycolytic flux and protein aggregation

Mondal, S., Zahumensky, J., Vesela, P., and Malinsky, J.
Heliyon | Vol. 10 | Issue 19 | 15 October 2024 | e38786
DOI: 10.1016/j.heliyon.2024.e38786

PRESENTATIONS & WORKSHOPS

Presenter | IEM PhD Conference 2026 | Jun 22, 2026

Workshop | Elements of Science | June 23–27, 2025

Presenter | PMD | Dec 12, 2024

Presenter | IEM Seminar Series | Nov 11, 2024

Presenter | IEM PhD Conference 2024 | May 7, 2024

Workshop | 46th Advances in Molecular Biology & Genetics | Oct 31–Nov 11, 2022
